**Subject:** RE: EJ Leader Meeting - EPA Participatory Science Community Collaborative

Peggy Shepherd's comment on communities with EJ concerns, poor air quality, and COVID deaths is an important one. This is a confluence that the folks in the External Civil Rights Office have discussed as a possible target for affirmative (pro-active) civil rights enforcement action.

This is the kind of situation that might be discussed at the EMC meeting next week under the heading of EJ/Civil Rights integration and coordination.

Andrew
